Quick Quiz 17 · MTSS for Reading Success, pp. 743–754

Directions: Read each item and select the best answer.

1. **Which is the most comprehensive description of Multi-Tiered Systems of Response (MTSS)?**
   a. Tiered systems to prevent students from "acting out"
   b. Tiered systems to support improvement of academic skills
   c. Tiered systems of both academic and behavioral supports

2. **What do the three tiers in the multi-tiered system represent?**
   a. Levels of special education
   b. Levels of program difficulty
   c. Levels of prevention and support

3. **In MTSS, what is the primary goal of Tier 1 universal instruction?**
   a. To minimize instructional casualties
   b. To provide additional targeted support
   c. To help students overcome significant barriers to learning

4. **Which is one of the most common reasons that teachers do not get the expected results from an evidence-based reading program?**
   a. Implementation of MTSS
   b. Student behavior problems
   c. Fidelity of implementation

5. **What is the major goal of Universal Design for Learning (UDL)?**
   a. To make curriculum and instruction accessible to all learners
   b. To teach students self-awareness and responsible decision making
   c. To provide an educational model that can be used globally

6. **Why should a school choose a core reading program that is supported by strong research evidence?**
   a. It is more likely to be diagnostic.
   b. It is more likely to improve student outcomes.
   c. It is likely to be easier to implement with fidelity.

7. **Which statement best describes the purpose of regular, ongoing assessment?**
   a. To determine which intervention to buy
   b. To analyze students' scores on high-stakes achievement tests
   c. To identify students who are at risk and need more support

8. **An essential feature of MTSS is the use of assessment data. Which type of assessment answers the question, "Is intervention fixing the problem?"**
   a. Screening
   b. Progress monitoring
   c. Outcome

9. **Which type of instruction is associated with PBIS and SEL?**
   a. Behavioral
   b. Academic
   c. Universal

10. **Which phrase best describes the MTSS problem-solving process?**
    a. Creative and ongoing
    b. Linear and outcome-oriented
    c. Data-driven and cyclical
